VILLAGE VETTES CORVETTE CLUB 2019

PRESIDENTS MESSAGE

Typical Florida warm temperatures are returning to Central Florida as we see more Corvettes traversing The Villages roundabouts and squares. We have a few upcoming events that support comradery and fun starting with the Venice Corvette Club's Annual All-Corvette Car Show and Chris Cruz Artistry if you are into Custom Auto Paint & Graphics, both in March.

In April we will be having two of our premier events including our 6th Annual Blessing of the Corvettes on Saturday, April 13th, highly supported by Past Presidents Mike White and Jim Loguidice, and our annual Lake Sumter Landing All Corvette Show on Friday, April 26th. Registration is required for our Lake Sumter Landing show as space is limited to 54 governed by the number of parking spaces around the square. Sign-up today! For a limited time, we will secure the request of all C1, C2, and C3 owners that desire to display their cars. We will host a lottery drawing for all remaining owners (up to a total of 54) immediately following our April General membership meeting.

Our Christmas Party Committee is in the final stages for completing all arrangements for an upscale fun event including a new caterer with more entree choices and a band popular with all Villagers. So, save the date, December 12, 2019.

And finally, I want to share my thoughts on this sensitive subject. Each year this time we have an exit of members that leave our club for whatever reason. When inquired we generally get a response like, club is too cliquish, no longer interested, do not feel welcomed at meeting and events. When we review their activities for the prior year, we find they never sign-up for any events or they were never involved in assisting with events. Simply put, they never engaged in activities supporting our club. Some people wait for others to do the work but why not get involved in a simple task that will greatly boost your club? There are plenty of areas where new and seasoned members can participate and meet new Corvette friends. For example, if setting up a club event is not your thing then how about being on a committee help with setting up an event, or writing an article for our newsletter, or helping to setup table decorations for an event, and greeting members as they enter our monthly meeting. Our club members are some of the most warm and welcoming group as you would ever want. Do not sit back and complain, you have more to gain. Get involved today! See me if this is of interest you.

The March Pre-Meeting dinner is scheduled for Demshar's, located on the square in Spanish Springs. We have reservations for forty people at 4:00 PM prior to the general business meeting at 6:30PM. The reservations are for "4 Top" tables, scattered throughout the facility. Please have some type of VVCC identification available for the hostess to direct you to your table. This upscale restaurant features an excellent menu and a very good "refreshment" area. Make your reservations now on our Web site.

Steve and Mary Ann Rubini host a trip to The Old Spanish Sugar Mill in DeLeon Springs State Park

It was a beautiful early start for our trip to The Old Spanish Sugar Mill's unique Restaurant located inside the DeLeon Springs State Park for an unusual style pancake breakfast. Our team of 26 and 14 Vettes gathered in the Home Depot parking for our fifty-five-mile one-hour cruise. We casually road

through charm of historic Florida with the crystal-clear beauty of abundant rolling hills, pine forests and horse farms observing the native wildlife all along the way. Breakfast was incredible

with each table equipped with a griddle and pitchers of homemade pancake batters having both a stone ground mixture of five different flours for each of us to whip up our own combination until our heart desire. After the breakfast, some of us took time to enjoy one

of the largest springs in the state and the unique history museum. We had the perfect weather, it was like Spring had sprung from the moment filled hills and valleys to the Mary Ann and Steve enjoyed rave reviews.

we left driving through the dew ride home with our tops down. hosting the event and received

Did You Know...

This information was taken from Corvette Blogger Newsletter dated February 27, 2019.

Many are speculating the reason the Corvette Stingray and Z06 production dates are TBD is believed the 2020 model will consist of the just the entry-level C8 model. Some say this is proof positive that Chevrolet will keep producing the C7 Z06 and ZR1 in tandem with the C8 mid-engine model through 2020 while others believe that the two models are simply a placeholder so as to not reveal any information about the 2020 Corvette.

A document was sent out to the dealers so as to alert them these vehicles will start 2020 model-year production, Corvette Blogger is in the camp of the second group and believe that Chevy is dusting their tracks so as not to have an “uh-oh” moment in case a dealer rep would post the info.

The last thing I'll leave you with is that with Chevy saying the 2020 Corvette model year start is TBD, Corvette Blogger feels it's another positive indication that the C8 mid-engine Corvette will come during the 2020 model year. So yeah, we are waiting, but it doesn't seem like we'll be waiting for long if the C8 is indeed a 2020 Corvette.
