VILLAGE VETTES CORVETTE CLUB 2020

PRESIDENTS MESSAGE

Your Board of Directors met on August 6th, 2020. All subjects discussed were overshadowed by one topic...PANDEMIC!!!

And, PANDEMIC means UNCERTAINTY.

So, given the Pandemic and uncertainty, here is where VVCC stands in relation to upcoming activities..

The Board adopted a resolution that we would strictly adhere to CDC guidelines and Community guideline as respects masks and social distancing in the planning and execution of any and all events. Activities have been cut back but still continue. The Color Run is still on as are other activities. Visit our web for current up to date information.

General Membership meetings are suspended until further notice. I maintain contact with Eisenhower Rec Center and we will resume meetings when circumstances permit

The Board approved a proposal by Ron Tanner to present a shirt patch and a car sticker to each VVCC member of the National Corvette Museum. We can look forward to this presentation when Membership meetings resume.

The Election of VVCC Board/Officers usually kicks off at the August Membership Meeting. Given the circumstances and the "force majeure" provision in Roberts Rules of Order, the existing Board will stay in place until Membership meetings resume at which time we will move for an orderly election. There is likely to be at least one opening on the Board so if you have interest please contact Mike White or Jim Longuidice.

The Treasurer's report prepared by Ron Cullum is available on the web.

The Wine/Cheese event at Nahas was cancelled. We do have a paid performance by Johnny Wild to look forward to when we are all back together.

Jim Loguidice is working with Bob Kerfin of the Nomads to organize a ONE BLOOD drive in the fall. More to come.

We are looking forward to our 2020 Toys 4 Tots Campaign. I know it will be a challenge but I expect Christmas 2020 will be a year of need well beyond the immediate past years. God Bless the Children.

We were asked by UF Hospital Auxiliary for our support and endorsement of the UF Auxiliary Pandemic Preparedness Fund. This is a follow up to our spring 2020 VVCC Cavalcade and our presentation of \$1,000.00 to the fund. (separately sent a copy of our endorsement. Include if appropriate)

In closing, the Christmas Party on December 10, featuring the Garth Brooks Tribute Band is still on. Go to our website to sign up.

Charlie Tagman
President 2020

As an early contributor to the UF Health Auxiliary Foundation Pandemic Preparedness Fund, the Village Vettes Corvette Club endorses the establishment and continuing support of this cause.

The world was caught largely unprepared for the scope of COVID 19 but many, as usual in our society, stepped forward to provide for the needs of our healthcare workers. Whether it be physical, procedural, personal or equipment needs we need to be ready.

Maintaining a safe and secure inventory of personal protective equipment and supplies (procedural masks, isolation gowns, gloves, hair bouffants, shoe covers, sanitizers, goggles) is critical. Keeping abreast of changes in the supply chain for these products will bring assurance that needs to refill used or expired inventory can be done efficiently.

A recently announced 400-acre health care hub along the County Road 470 corridor anchored by a new UF Health hospital is testimony to the continued growth of The Villages. Projections indicate close to a doubling of Villages residents.

As population grows, so does the need for healthcare workers.

We have a responsibility to our healthcare workers and our community to be prepared. You have the full support of the Village Vettes Corvette Club in this important effort.

Charlie Tagman
President 2020

The month of August commences the process for the election/installation of a new Board Of Directors for the 2021 calendar year.

With this announcement, the search begins to identify members who are interested in submitting their names for a Board position. The requirement/qualification for office is simple, be a “tenured, member-in-good-standing” and demonstrate an interest in facilitating the direction of the club for the coming year. New leadership, new ideas, new perspectives only serve to advance the potential that is The Village Vettes Corvette Club.

Any member(s) who desire to be placed on the standing slating for a Board Of Director's office is encouraged to contact a member of the Nomination/Election Committee (Mike WHITE or Jim LOGUIDICE)

The new Board Of Directors will be elected by ballot at the General Membership Meeting of 12 November '20. Elected members will serve a one (1) year term of office extending from 01 January '21 thru 31 December '21.

Jingle, jingle, mark your calendars for the annual Village Vettes “Country Christmas” Dinner Party on **Thursday, 10 December '20**. The entertainment will feature world class showman Kip Sweeny channeling country legend Garth Brooks in his production, “Garth Brooks – The Ultimate Tribute Show.” It promises to be an evening to remember.

The event will be catered by the Oakwood Smokehouse Grill. As noted, it will be a “country” themed event; so, members are encouraged to don their western garb (jeans/slacks boots/spurs/cowboy hat/bandana). Cost is \$75.00/couple (\$37.50/person).

So, mosey-on down and be ready to “slip on down to the oasis - where you have friends in low places.”

R8C MUSEUM DELIVERY

We are thrilled to offer the Museum Delivery program to new Corvette Owners. It is an adventure like no other and a memorable addition to your new Corvette purchase. Hundreds of enthusiasts take delivery of their new Corvette at the Museum each year ... Let our team be part of your new Corvette purchase.

How It All Starts: NCM Delivery is referred to as OPTION “R8C” and is available through any Chevrolet Dealer at a cost of \$995.00. It must be specified at the time the order is finalized and a special Ship Code of “184590” must also be used to identify your Corvette for Museum Delivery.

Now Offering High Wing Spoiler, Ground Effects and Rocker Panel Extension Installs!

The Communications: The National Corvette Museum will contact the customer and offer a reasonable time frame in which the customer can choose a date for delivery. The first available date for delivery is approximately two (2) weeks from the offline date of the car. Once the car is built and its release from GM is confirmed a representative from the NCM Delivery Department will contact the customer to schedule their delivery date. The Museum will confirm the date, agreed upon by the customer, through email and will handle all further communications. If at any time the selling dealer and/or customer should have any questions regarding the delivery, they may contact the Museum at 1-800-205-4248.

The Paperwork: Customers must arrive at the NCM with the following items before a delivery can take place:

- A License Plate or Temporary Tag
- Proof of Ownership (Bill of sale, etc.)
- Proof of Insurance
- Valid Operator's License
- Dealer Acknowledgement Form (download, print, fill out and return to the Museum via fax, email or mail)

The Delivery: The customer arrives at the NCM with up to three additional guests of age 10 and up, total (4) and is welcomed with signs commemorating the event. A personal, special VIP guided tour of the NCM is conducted where they will see their Corvette on display. Next, a member of the NCM Delivery Team provides a quality orientation followed by a thorough delivery presentation of their new vehicle. A unique gold decal is placed on the inside of the drivers' door jamb to signify the importance of this memorable occasion. Customers also receive a personalized interior dash plaque, personalized wall plaque and an individual photograph in front of the Museum – weather permitting. Additionally, customers have the opportunity to purchase exclusive merchandise showcasing the “R8C Museum Delivery” logo, bricks in a special commemorative section, and build sheets/window stickers if available, during the program presentation. Deliveries can also be viewed world-wide via our live webcams.

The customer is presented with an individual one year NCM membership. Memberships which come with our R8C Museum Delivery program are upgradeable.

R8C customers also have the opportunity to get on track for complimentary touring laps in OUR Corvettes at the NCM Motorsports Park. Laps are not available during private events, or while the track is in use by an event. Track availability is also dependent on weather. If you are unable to participate on the day of delivery, you can obtain a voucher that would be redeemable on a future visit.

The Ed and Shari Glazer Family Corvette Delivery Program

Planning to bring a special child or grandchild with you for your R8C Delivery? Sign up to participate in the Ed and Shari Glazer Family Corvette Delivery Program! This program is an enhancement to our R8C Museum Delivery Program, offering some additional features when our delivery customers bring their children or grandchildren to share in their experience.

What to Wear/What to Bring: Closed toe shoes (no sandals or high heels) are a requirement for all visitors to the plant. No cameras, backpacks, purses, fanny packs, or other packages or containers may be brought into the plant except by special request (for medical reasons, etc.). Cameras are welcome at the Museum.

Post Delivery: A commemorative nameplate (with the customer's name, date of delivery and VIN) is ordered that can be applied to the wall plaque. The nameplate will then be shipped directly to the customer approximately 4-6 weeks after delivery.

Lodging: The Museum proudly recommends our business member hotels, motels, campgrounds and bed and breakfasts. Business Members Lodging.

Car Rental: Enterprise Rent-A-Car has special rates and services for R8C participants arriving at the Nashville airport. One is a discount rate rental and the other is a set rate rental. Reservations can be made for one-way rentals with the option of returning the car at the NCM. Use the links below to make reservations on the Enterprise web site. Be sure to enter the appropriate NCM account code when making a reservation. Select the Highway 31-W location as the drop off destination. They send representatives to the Museum to retrieve the car.

- Enterprise – Corvette Museum Discount Rate Program – XZ58H90
- Enterprise – Corvette Museum Set Rate Program – XZ58H89

Shane Webb manages this one of a kind program for the NCM. He will be happy to assist you with any questions or concerns using the special NCM Delivery Hotline of 1-800-205-4248 or 270-777-4505. Chapter 3 *Trucks Coming In*

Bubba's clutch just went out again on his Chevy pickup. It's not up to all that towing we're doing. We need to keep the roll back on call for Shambles Salvage because we signed up with the Niburu PO-lice and Sheriff's dept. for wrecks and recovery.

Frank was getting more calls for pickups I'd bought, and had to think fast. He got on CraigsList and found this '99 Ford F-350 Super Duty Dually with only a half million miles, and still had the original oil in the engine. He did some of his usual wheeling and dealing and got it for \$15,000 cash. I had that much on me, so I told Frank to get with the guy, go load up our '59 Sedan Delivery, and bring it to the show room.

I peeled off seven and a half \$2000 bills, slapped some Shambles decals on the dually doors, and said Bubba would drive him home when we get the paper work done.

Stay tuned....

Corvette Club Celebrates Holiday With Outing

Michael Johnson | Daily Sun

Corvette owners circle all three town squares, share a picnic and make donation.

By **SHERRI CONER**
Daily Sun Staff Writer

The Village Vettes Corvette club took to the streets to celebrate the Fourth of July, among other things.

On Friday, club members drove around the town squares, then had a picnic and made a donation to the historic Baker House in Wildwood.

A downpour in Spanish Springs forced Ton and Elaine Swiers, of the Village Santiago, and approximately 20 other members of the club to leave the convertible tops on and mix the flag waving as Ton and Elaine led the group around the square.

“

This worked out great. It was our first club activity with food and a chance to see everybody since the pandemic.”

DAILY SUN

At the same time, Don and Linda Chaney, of the Village of Gilchrist, along with another 40 or so members, lucked out in Brownwood Paddock Square. Skies stayed clear long enough for Don and Linda to lead everyone in a couple of laps around the square with tops down and flags waving.

That didn't last long, though, as the rain eventually moved south.

"We were able to slow down and get the top back up," said Ann Marie Rose, of Village of Hillsborough, who participated with her husband, Richard.

After both groups cruised around all three town squares, Mother Nature made the second part of the plan a lot more pleasant.

More than 60 Corvette owners gathered for a catered picnic under the reaching limbs of the massive oaks on the grounds of the Baker House.

Don planned the evening, managing to merge multiple reasons for celebration.

First, this was the nearest Friday to celebrate June 30, 1953, when the first Corvette came off the assembly line at General Motors in Flint, Michigan..

Second, the club planned to make a donation to the nearby 150-year-old Baker which is in the midst of necessary renovations.

Third, of course, was the interest in celebrating Independence Day.

On the shady grounds, there was plenty of space for the Corvette parking and social distancing while still conversing, laughing and enjoying the catered picnic.

When considering whether he should plan a picnic in the heat of summer, Don said he knew that asking members to place lawn chairs on a recreation center parking lot without shade was not the best option. When he thought outside the box, Baker House popped into his mind.

"This worked out great," Don said as he scanned the large gathering. "It was our first club activity with food and a chance to see everybody, since the pandemic."

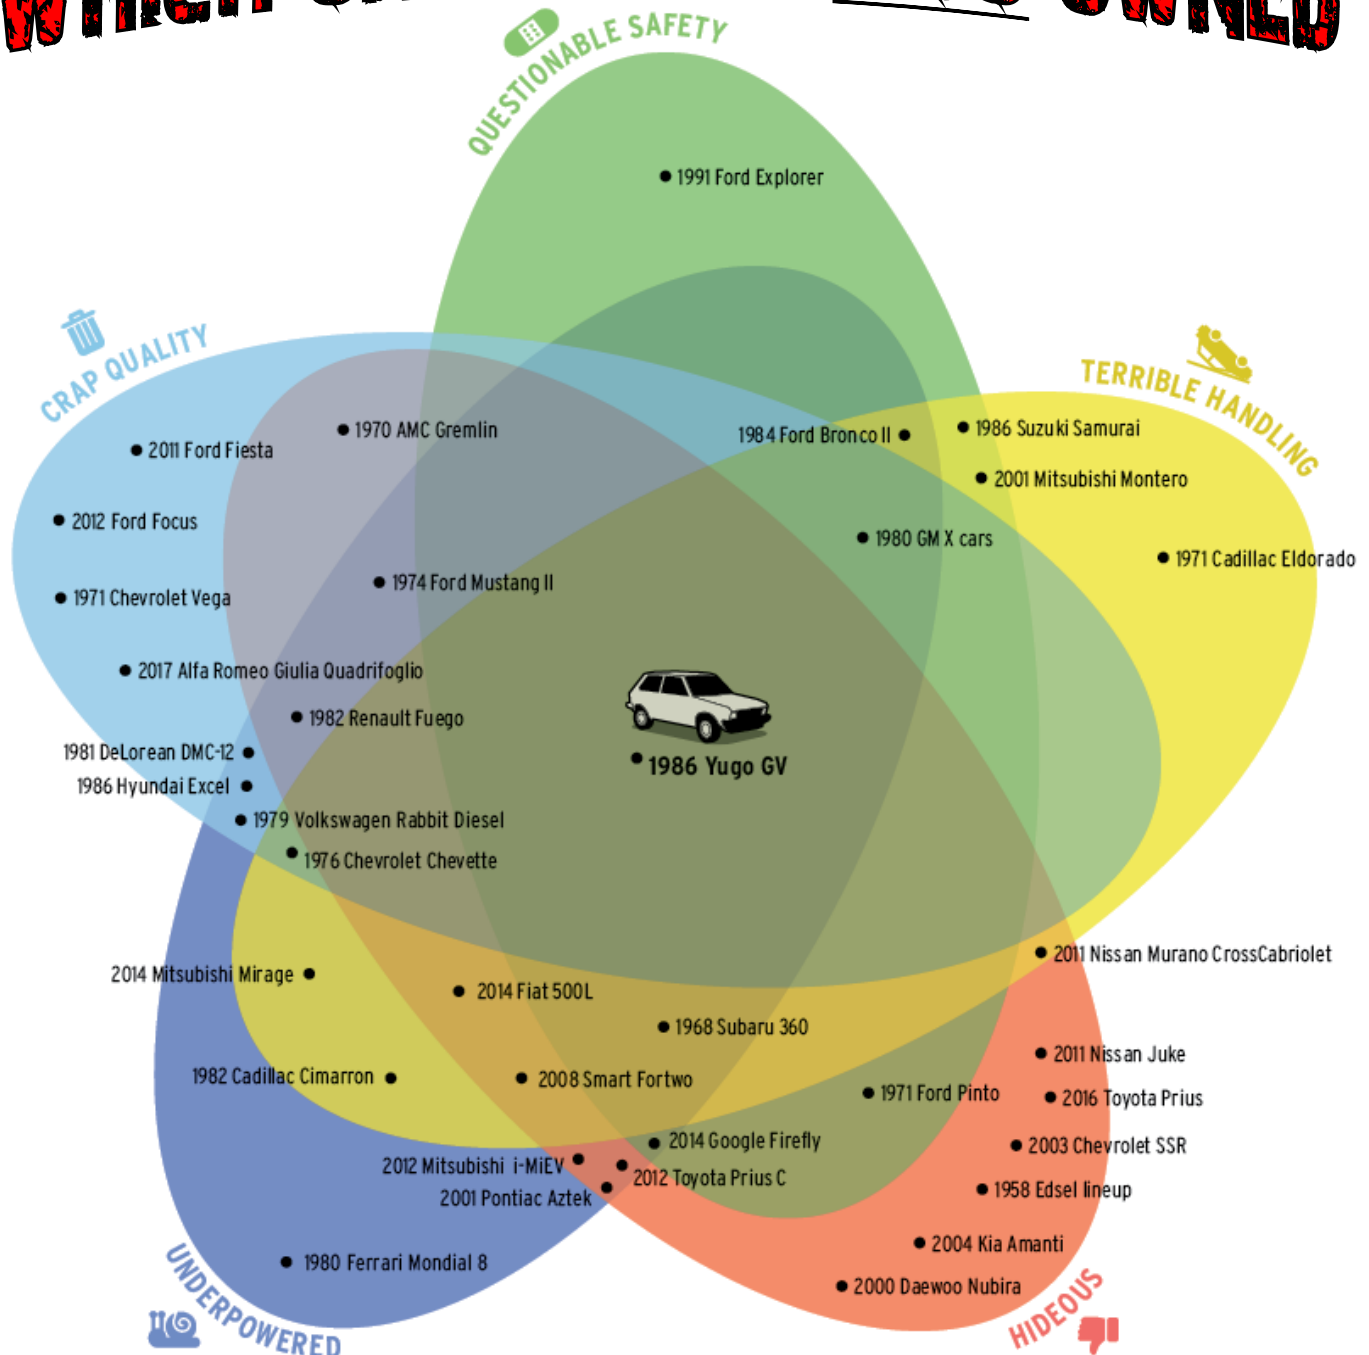

On behalf of the city of Wildwood, Vicki Roemer, of the Village of Mallory Square and a three-year Baker House volunteer, accepted the club's \$500 donation.

"It was a fabulous idea," Roemer said of the club's generosity. "Our funds were very low. This is very much needed for our restoration."

CAR DRIVER

WORST CARS OF THE 50's, 60's, 70's, 80's, & 90's

WHICH ONE'S HAVE YOU OWNED

THE REAL DEAL !

Members Rich & Paige Udell are the proud owners of a truly classic, original MUSCLE CAR. A 1963 Super Stock Plymouth Savoy, Max-Wedge, #18 of 18. A ONE OWNER CAR!!! NEVER RACED!!!

Originally purchased by a Chrysler Plymouth Dealer in Los Gatos, Ca and it was in the family for 40 years and never raced. It is number 18 of 18 that were produced and was sold at Barrett Jackson in 2005 and it has been in a private collection until 2019 when we acquired it. It was actually photographed on the assembly line and is in the records of The Chrysler Historical Society and also fully documented by Daryl Davis of Sanford, Fl and Galen Govier who is the ultimate authority of Chrysler Products. It was awarded Gold Stature at the Muscle Car Nationals, 2019 and was a Feature Vehicle at the Chrysler Nationals in July 2020. It may very well be the best representation of that series of 18 in existence.

"We have driven the car about 1200 miles during the time we have owned it. The real story is that Rich's very first car was this exact car, color and options except it had a 383 Golden Commando instead of the 426 and it was a four speed. So, in 60 years he's come full circle back to the first car he ever owned."

This car has so many unique features there's not room to list them all. It is, without a doubt, the best example of a 60's NHRA drag-race specific MOPAR. WHO REMEMBERS MR. NORM OUT OF CHICAGO??? A MOPAR LEGEND!!!

WEBSITE UPDATE

Greetings from your trusty webmaster, George. In my never ending quest to improve our club's website I've developed and added something called a **SITE MAP**. It is, as the title states, a **MAP** to nearly every subject contained on our website, www.villagevettes.com. It is presented in a format that is, hopefully, easy to read and understand. It is my sincere hope that this will allow every member to easily access **ALL** the features, articles, forms, pics, videos, and other miscellaneous/useless info on our website. Shown below is a screen shot. The actual Site Map can be found by clicking on the **SITE MAP** tab on the menu bar. Additionally, there's a link to download the MAP in pdf format for future reference. I welcome comments, suggestions, issues, complaints, questions etc.

Corvette Racing News

Corvette comes in 1-2 at Road America

For those who missed Sunday, August 2 race at road America, you missed an exciting race where Corvette Racing came in 1-2 for the second straight race, and the third straight win in the endurance racing season.

Not only are the cars proving to be phenomenal racing cars, Corvette Racing has some fantastic drivers as shown by their accomplishment on Sunday. Due to some electrical problems (yes, even pampered race cars have some bugs) they lost their weather mode traction control system and had to drive about a third of the race in a pounding rainstorm -- and both cars still won!

Another glitch hit the team when a “wheel gun” (used to change tires) stopped working and they needed to retrieve a replacement. That caused the No. 3 car to fall from second to sixth place, but again excellent driving, and a great car (and some errors on the Porsche team) still allowed that car to end in second place.

Upcoming races (we don’t have all the TV times yet)

Aug 21-3	Virginia International Raceway 1:40-4:20 on NBC
Sep 25-27	Mid Ohio TBA
Oct 1-4	Watkins Glen International TBA

8/15-Saturday- Corvette and GM Show, 8 am to 4 pm
Held at Quaker Steak & Lube Restaurant
10400 49th Street N., Pinellas Park, FL

The show will be held on Saturday, August 15 2020 and be hosted by Premium Productions. The show will be held at Quaker Steak and Lube, 10400 49th Street in Pinellas Park, which has easy and almost direct access to and from US19 with easy connectivity to I-275 and can easily park over 260 cars. It will be open to all Corvettes and all GM automobiles. Corvettes will be highlighted and parked in one location and the other GM cars in another location, all on the property. All cars in the show will be parked on pavement (no grass) and I will be trying as best as possible to keep car clubs together as I did in Straub Park. We plan to have vendors, and Quaker Steak & Lube is a restaurant which will open early to serve breakfasts and make the restrooms available. They serve food and alcohol indoors and outside.
