# VILLAGE VETTES CORVETTE CLUB 2021

## **PRESIDENTS MESSAGE**

The Beat goes on! Finally! Welcome to the new normal. I kind of like it.

A lot has been going on and a lot is planned going forward for our Club. The day following our May Membership meeting (May 14) the Daily Sun published our C1/C8 spread. It got a front page picture on Wheels along with a full inside page featuring the eight generations of the Corvette and their VVCC member owners. I think it was worth getting up before breakfast on that cold spring morning. That article was followed by a front page picture in the "Local News" section on May 19th showing our members lining up in their Corvettes to make our donation to UF Health the Villages Hospital Auxiliary Foundation for the Nurses Certification Assist Program and reports this stop was followed by another donation made to the Fruitland Park Police Dept. Then on the front page of "local News" on May 26, your President was quoted in the "How We Give" article. Again on June 2, Local News "How We Give" reference is made to the 30 Corvettes that "took part in a parade" to make our Hospital and Police Department contributions. Another member was recruited to do a Wheels shoot this past week so watch the Friday Daily Sun to find out who it is.

Don Cheney led a group of our members to the National Cemetery to place Flags for Memorial Day. Thank You Don. Mike Roemer will be re-assuming the Membership chair from Paul Bova. Thanks Paul for all your efforts.

Our June membership meeting is scheduled for June 10th. The meeting will be preceded by a 5 to 6:15pm cruise-in at the Eisenhower parking lot. Show up for the "ICE CREAM SURPRISE". At the meeting we will have a brief presentation by Rob Mangiamale of Leesberg Community Collision who will discuss the the process that he went thru to become a GM (Corvette) Certified Collision Center.

To our "Snowbirds " who have migrated North, have a GREAT and safe summer. See you all in the Fall.

For those staying with us, check the web for the host of monthly activities in which you can participate.

Be safe.

Charlie Tagman/ President 2020/21

GETTING OUR ORDERS

## “Keep On Truckin” To Pick Up My C8

Several people have told me if I ever had the opportunity, I should take delivery of my Vette at the National Corvette Museum because it was just fantastic and that's was my plan. After placing my order 1-1/2 years ago, I finally got the call that my Torch Red Corvette convertible was being produced and I could arrange a pickup time 2 weeks from actual completion date. Shane Webb, the Delivery Department Manager, texted me and I picked a time slot of 9:30am on April 1.

Did you know you can't get there from here? Who knew? Flying wasn't an option at the time, and I had always thought when the time came I would just rent a car, NOT!! One cannot rent a car one-way from the Villages to Bowling Green Kentucky, only one company did say they had one for over \$1,600...I thought that was

ridiculous.. then I went into absolute panic mode wondering how, after all this time, I was going to get there....hmmmm...then it hit me, U-Hauls are one way!! Another hitch, they don't rent panel vans one-way apparently, only trucks, so I began my journey in a 15ft U-haul truck.

I arrived safely in Bowling Green the day before April 1, and my son flew down from Oklahoma City for this momentous occasion and that truly made it even more special as I hadn't seen him in over a year. I was up bright and early the morning of April 1, and watched on their web cam as my “baby” was the first one of 8 to be driven onto Corvette Blvd., for pickup. I was giddy with excitement and could hardly wait for the appointed time. We got there early and were met by John Witter our delivery guy and he was so warm and welcoming, felt like we had known him forever. John and Lori took care of my paperwork while I oogled, at last, my corvette. There were red ropes around my car and a placard on the stand with my name, I felt so special, like a rock star. The rock star treatment is exactly what we got. John spent over 2 hours demonstrating all the features of my car and explaining in detail how everything worked, and to my surprise, it had a retractable top. I had no idea. I was thinking it was another lift off, so this feature added to my excitement. As many of you know I have a 2016 Torch red Z++.06 with lift off top and after almost 7 years, it's only been off once, and George Borke helped take it off at a function a couple of years ago. Now, I could put the top down whenever I wanted!!! Good times!!! Only thing I didn't see was the engine, lol.

John gave us a personalized tour of the museum and told many interesting and funny stories associated with each of the cars, too numerous to mention (not that I could remember them anyways)...just amazing. The cars that fell into the sinkhole, were on display (or what was left of them) and it was a sickening sight..only one car was ever rebuilt.

Even though there's a Corvette shop, we only bought small things and ordered larger items online as there were 2 of us with luggage for the drive back to The Villages. Unfortunately, the restaurant wasn't open because of COVID and they were taking that opportunity to revamp.

The day drew to a close and our exit was definitely rock star quality. John gave several short blasts of the horn and we began our exit slowly down Corvette Blvd. to the applause and cheers of all personnel and visitors until we exited the building. One feature of the car is that it records so I have this as my first video to review any time I wish. Talk about feeling special, well I guess we Corvette owners are in a way, for we are fortunate enough to drive America's dream sports car.

This experience was incredible, amazing, fantastic, once in a lifetime and the most exciting 5 hours of my life. The entire staff is geared toward making it a special event and my opinion, went above and beyond. I can recommend museum delivery as it truly is a “once in a lifetime experience.”

## Vettes Club Boasts 8 Generations Of Corvettes

About 70 years of history, and eight car generations, come together in the Village Vettes Corvette Club. It's rather rare that all the generations of Chevrolet's Corvette would be represented in a Central Florida car club, said Jim Loguidice, club PR spokesman and Village of Sabal Chase resident. But that's exactly what happened for the Village Vettes, which has more than 400 members. The fact that they're one of the few clubs that has enough members for that to occur is a point of pride, said club president Charlie Tagman. "Owning a Corvette and participating in a Corvette circle of friends, there's a lot of history, there's a lot of tradition, and there's a lot of respect for the cars," said Tagman, of the Village of Fenney. "Some were better than others, some look better than others, or at least some people think that, so it's just nice to have them all."

**DAILY SUN**

Wednesday May 14, 2021

**Village of Bonnybrook resident, Mike Homschek, owns an Ermine White C1:** Homschek owns the model that started it all. "I have a special romance with Corvettes, especially vintage Corvettes," he said. In fact, his car "brings a smile to my face every time I walk into my garage."

**Village of Fernandina resident, Lee Duff, owns this Silver Blue C2:** Until he borrowed his brother's Corvette, Duff thought he wanted a T-bird. "But I fell in love with Corvettes. We love putting the top down in the sunshine," Duff said of the '63 gem he has owned for 45 years.

**Village of Country Club Hills residents, Ray and Joanne Simpson, own this Indy Pace Car C3:** Driving around in this black and silver statement from about 40 years ago never gets boring. "This is a fun car to drive, a beautiful car to own and it's a special edition car," Ray Simpson said.

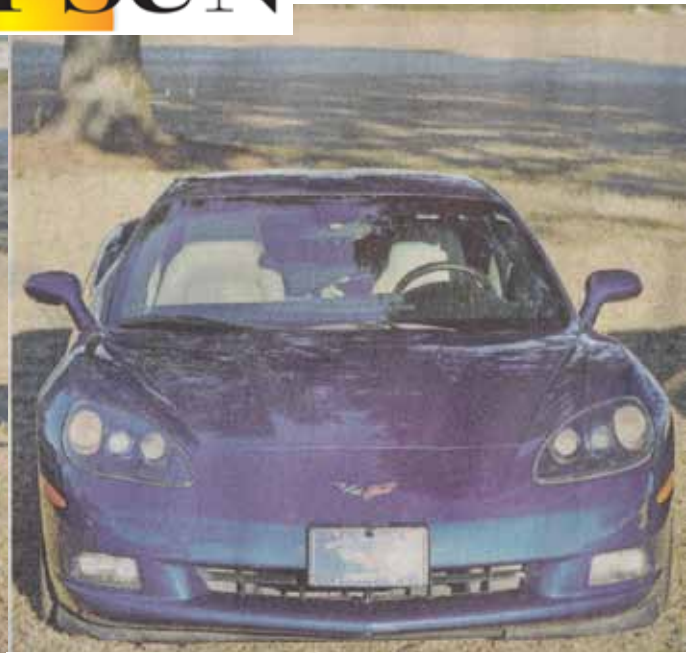

**Village of Pine Ridge resident, David Halverson, owns this Magnetic Red C4:** After buying this Corvette brand-new in 1986, Halverson never saw a reason to change that. And he still loves the color. "It looks like the ruby slippers from 'The Wizard of Oz,'" he said, with a laugh.

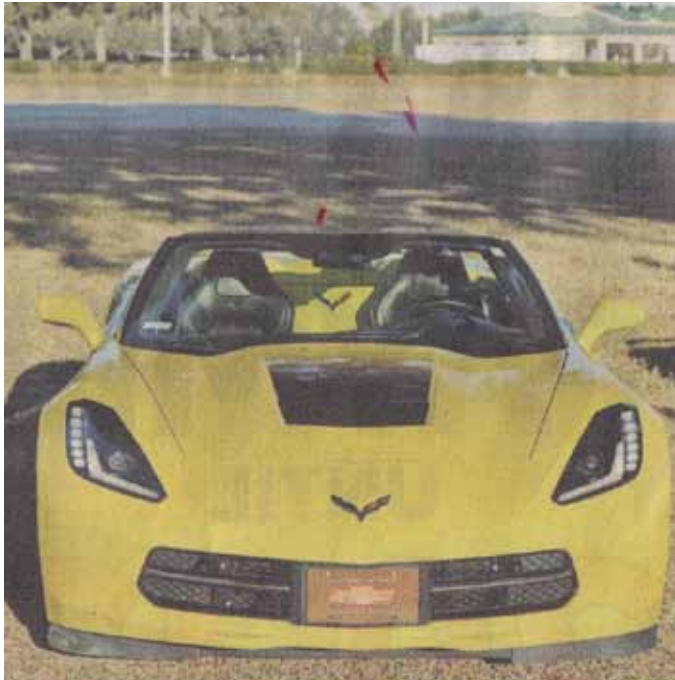

**Village of Mallory Square residents Tim and Terri Berthiaume own this Anniversary Red C5:** What could be more special than tooling around in this car? The vehicle celebrates the 50th birthday of that very first Corvette. "I love putting the top down and just going," Terri said.

**Village of Fernandina resident, Tony DiSalvo, own this LeMans Blue C6:** As a longtime Corvette fan, DiSalvo admires every generation. But he wanted to own a C6 for one specific reason. "That was the first year for Corvettes with exposed headlights, versus the hideaway lights," DiSalvo said.

**Village of Santo Domingo resident, Dan Comins, owns this Racing Yellow C7:** A few months after purchasing the C7, Comins decided to have a few black graphics added. Obviously, the additions make his car a little more cool, if that's possible. "My daughter calls my car Big Bird," Comins said.

**Village of Dunedin resident, Darryl Bova, owns this Arctic White C8:** The C8 "doesn't have that long nose, so it's easier to drive," said Bova, who's definitely a fan of the revolutionary, first-ever mid-engine model. "And it's a work of art. It's so beautiful and special."

## Corvette Cavalcade

Last year our club was an early contributor to UF - The Villages Regional Hospital Foundation, this year we did it again with our cavalcade to the hospital where we presented a \$1000 check. From there we proceeded to Eisenhower Rec Center where a check was presented to the Fruitland Park Police Dept. for their staff Fund. Each participant contributed \$35 (per car) or more upon registration. We left from St. Timothy's Catholic Church (gathering at 4:00PM) on May 13th.

*With  
W. Roger Akers*

## **The Village Vettes Corvette Club — ‘Thank You Hospital Workers’ Parade” *Always Needed—Forever Appreciated***

On May 13, Corvettes lined up in front of the hospital for viewing and to make a nice donation to UF Health The Villages® Hospital Auxiliary Foundation with funds raised by the club.

*The Village Vettes Corvette Club paraded by the front of the hospital with 31 corvettes. It was quite a collection of both current and vintage vehicles.*

The contribution will go towards Our Workforce campaign to support Sfunding for special certification for nurses and other training initiatives such as the 3G SimMan Manikin lab.

This is the second year that the Village Vettes Corvette Club has made a contribution to the Foundation. Last year their contribution was directed to the Pandemic Preparedness Fund.

Thank you Village Vettes Corvette Club for contributing to The Villages® in general and specifically to the Hospital Auxiliary Foundation.

◀ Accepting the check was **David Gardner** (left), Board Member of the Foundation. The check presentation was made by **Charlie Tagman**, President of the club (center) and **Richard (Rich) Rose**, (right) V.P.

## Spring Fling at George Nahas Chevrolet

This is a heartfelt thank you for your work yesterday at our "Spring Fling" at George Nahas Chevrolet.

We were fortunate to bring in \$575 via auction thanks to Paul and Marcus, and another \$185 via 50/50 sales hosted by Bob and Betty Bachand.

I love this auction tag-team of Paul and Marcus who are always willing to do it.

And to Bob and Betty Bachand for the unwavering devotion to 50/50 sales.

How about VP Rich Rose and Pam Sherrill getting cars into spaces quickly and efficiently? And Art Donnelly guiding them to west lot with authority.

How about Mike White doing anything and everything that needed to be done with hardly a notice by anyone?

And of course, our BOD for their understanding and green-lighting the event.

All in all, a great day made easier with our club's willingness to step up to help toward our successes.

All the best.

### ARTICLES OF INTEREST WANTED

We are looking for articles for our newsletter. If any member has an article they think may be of interest to other club members please submit it for consideration to [darrybova@gmail.com](mailto:darrybova@gmail.com). Please include information on the source publication if you didn't write it yourself.
